Employment Procedures

Hiring and Selection

Job Postings: All vacancies will be posted, except in emergency situations, for a minimum of 5 days.

Application Process: Applicants must complete an online application and meet the qualifications of the job, state and federal law requirements, and additional requirements established by Human Resources in order to be considered for vacant positions. Internal applicants will be given preference only if they meet the requirements of the job description.

1. Complete an online application.
2. Human Resources will then await receipt of at least two (2) professional references before reviewing for qualifications and “releasing” (making viewable) to hiring managers, as appropriate.
3. Hiring Managers (location of the job opening) will then review qualified applicants, set up interviews with the candidates of their choice, and notify HR to whom they would like to offer the position.

Offers of Employment: All offers of employment are contingent upon successful completion of the pre-employment screening process, established by Human Resources. The screening processes are based upon the requirements of the position.

General Requirements: Most Wichita Public Schools positions require a minimum of a High School diploma or GED. A background check and drug screening will be conducted on all individuals considered for employment. Employees will also be expected to provide a completed Certification of Health for School Personnel upon hire to prove, “there is no evidence of [a] physical condition that would conflict with the health, safety, or welfare of the pupils; and that freedom from tuberculosis has been established by chest x-ray or negative tuberculin skin test” per K.S.A. 72-6266. Certain positions may require additional screening, as determined by the hiring department or Human Resources. Attendance of an onboarding session will also be required before clearance may be granted to begin work.

Principals and supervisors should be familiar with HR procedures concerning hiring and staff adjustment. The principal and supervisor must assume responsibility for determining need and initiating formal requests for hiring. Only offers of employment made by Human Resources are considered official.

Current Classified Personnel Hiring Protocol

The criteria to be used for filling vacancies and transferring employees is as follows:

First consideration shall be given to qualified, current employees. The selection should be based on the qualifications and the ability to perform; identified skills, strengths, and successful work experiences; education, and successful years of experience with the Wichita Public Schools. Insofar as is reasonably possible, the Superintendent shall strive to maintain an equitable balance in each category of employment with regard to race, age, and sex. All employees having met the criteria as established by the administration will be considered for an interview.

Physical and TB Skin Test

Every employee is required to submit a Certification of Health for School Personnel upon hire. Forms should be completed by a person licensed to practice medicine, or by a licensed physician assistant and/or advanced registered nurse practitioner when working at the direction of or in collaboration with a physician.

Forms include two sections:

- TB Skin Test (top portion): Recorded results that prove freedom from tuberculosis has been established by chest x-ray or negative tuberculin skin test.

- Pre-employment Physical (bottom portion): A signature from the medical professional performing the exam, indicating there is no evidence of physical condition that would conflict with the health, safety, or welfare of the students

[Reference Policy 4010](#)

New Employee Onboarding (NEO)

Every new and returning employee is required to attend a New Employee Onboarding session prior to beginning work. This session will be scheduled with Human Resources upon completion of all other pre-employment requirements. The in-person session will be used to complete any remaining new hire paperwork and issuance of an employee badge.

In addition to the in-person session, employees will review orientation information online vital to the safety and success of students and staff. Information provided will include, but is not exclusive to, expectations and boundaries, codes of conduct, customer service, employee benefits, payroll, communication and information tools, time clock, and badges.

Assignments and Transfers/ Excess Certified Allocations

Assignment and Transfer of Certified Staff

The BOE and District administration have the right to determine the budget and staffing allocations. In situations where staff is to be “excessed from a building” and reassigned, the District will first seek volunteers.

The District has the right to assign and transfer staff based on, but not limited to, the following:

- Budget
- Staffing Levels
- Instructional Needs
- Student Needs
- Predicted Enrollment
- Class Size
- Professional Qualifications/Licensure
- Experience
- District Liabilities

Certified and Administrative staff have year to year contracts of employment. Those contracts are between staff and the district and not between staff and a particular building. The district makes building assignments based on the criteria above.

Assignment and Transfer of Classified Staff

The BOE and District administration have the right to assign and transfer classified staff. The hours of work for classified staff and the calendar work schedules are not guaranteed. Schedules and assignments are determined by, but not limited to, the following:

- Budget
- Enrollment
- Staffing Levels
- Building Needs
- Qualifications
- Experience
- District Liabilities

Voluntary Transfers

Staff may apply for any open vacancies (see “Application Process”), but there may be restrictions on the ability to move to those vacancies. Exceptions may occur for unique circumstances or based on business necessity, with the approval of the CHRO or designee. Once a position is accepted for the school year, the staff member must complete the assignment for the school year unless the transfer would result in a promotion. Teachers may transfer to open vacancies for the following school year without principal approval up to the “statutory resignation date.” All transfers will be made through Human Resources (including changes with FTE, salary, title, etc.).

The Superintendent's Leadership Team will be evaluated using a model that aligns with the District's Strategic Plan.

Certified

The Marzano Teacher Evaluation System will be used to evaluate the quality of a teacher's work on four domains. Administrators and teachers use Marzano's iObservation electronic tool to collect and organize progress over the course of the year. This continuing feedback guides teacher growth.

Certified support staff will be evaluated using the Marzano Instructional support model.

Staff and Student Relations

All employees are expected to maintain relationships with members of the student body which are conducive to an effective, professional education environment. Social fraternization between employees and students is prohibited. Employees should maintain a professional boundary between them and students, at all times, for the protection of both parties. All employees share the responsibility for the regulation of student conduct at school and at school-sponsored events not on school property.

Professional Boundaries

What are professional boundaries?

Professional boundaries define effective and appropriate professional interactions between USD 259 staff members and the customers they serve. Boundaries exist to protect both the professional and the client.

What is a boundary violation?

Any behavior or interaction which compromises or damages the professional relationship and trust between staff members and internal or external customers can be a violation. It is also the victimization and exploitation of a customer by staff members. It is a betrayal of the sacred covenant of trust, and this includes sexual and non-sexual misconduct.

Why are professional boundaries important?

The legal environment demands and the public expects strict adherence to professional boundaries. No conscientious professional sets out to violate standards of appropriate, professional boundaries with customers, yet violations continue to occur. It can happen to those that are dedicated, moral and highly professional in the overall conduct of their practice, which is why we have to ensure our actions, words and deeds can withstand public scrutiny.

Reporting Violations:

Students and their parents/guardians are strongly encouraged to notify the principal (or other administrators) if they believe a teacher or other staff member may be engaging in conduct that violates professional boundaries. Staff members are required to promptly notify the principal (or other administrators) or the Superintendent if they become aware of a situation that may constitute a violation of this policy.

Disciplinary Action:

Staff violations of this policy may result in disciplinary action up to and including termination. Violations involving professional boundaries or sexual or other abuse will also result in a report to the appropriate authorities and licensing boards.

Performance Management

Certified:

A teacher may be placed in the Assistive Process for instructional issues only after a building administrator has completed a 30-minute observation and discussed the observation with the teacher. The Assistive Process shall provide support above and beyond what is provided to the staff as a whole. During the Assistive Process, building and District administration (or a designee) will provide the following:

- Observe performance at least twice
 - Each observation must be at least thirty (30) minutes in length
- Provide written feedback, resources, support, or other interventions aimed at improving performance

The Plan of Assistance is initiated when the Assistive Process has not been successful and the supervisor determines that the teacher needs additional assistance and support to maintain or achieve an acceptable level of performance. The Plan of Assistance (for teachers who have completed their first three years with USD 259) is a process designed to:

- Provide a structured format to identify performance-based concerns
- Develop a plan of action to address the concerns
- Motivate and provide assistance
- And provide feedback in order to improve performance

Teachers who enter a Plan of Assistance will enter a different evaluation cycle where they will be evaluated each year. The duration of a Plan of Assistance must be at least nine (9) weeks. The supervisor will review the teacher's performance through the Plan of Assistance to determine the extent of improvement. Assessment of progress will result in one of the following determinations:

- Satisfactory of performance and removal from the Plan of Assistance
- Continue the Plan of Assistance with adjustments
- Or move into the termination process

Classified:

If an employee's work performance is not satisfactory, the immediate supervisor must inform the employee. If the employee's work performance does **not** improve, the Assistive Process and Plan of Assistance are helpful formal options that the immediate supervisor should take into consideration to maintain or achieve an acceptable level of performance.

If an evaluation results in three (3) "Needs Development" (ND) ratings or one (1) "Unacceptable" rating, an Assistive Process should be initiated. If there are other performance concerns, an assistive process also may be initiated.

If the employees' performance does not improve to a satisfactory level, the Plan of Assistance should be initiated. If the employee's work performance remains under par, termination should occur. The Plan of Assistance is designed to be helpful. It is initiated when other means of the assistive process have not been successful and the supervisor determines that the classified employee needs additional assistance and support to maintain or achieve an acceptable level of performance.

Initial Probation

All employees new to a permanent, classified position are placed on a ninety (90) calendar day probationary period in which they must prove they possess the necessary skills to perform their assignment. If the probationary employee is eligible for paid leave, it is unavailable for use during this ninety (90) day term until the probationary period has been successfully completed. At the end of the ninety (90) calendar day probation, the employee's supervisor will determine if they possess the necessary skills to perform their assignment; if they do not, the supervisor will contact Human Resources and the probation could be extended for an additional ninety (90) days and/or the employee may be terminated.

Travel Conduct

Employees who travel to conduct business on behalf of USD 259 are representatives of the District at all times, and they are expected to maintain professional boundaries by modeling appropriate behaviors and maintaining professionalism at all times. Any act of professional misconduct can lead to disciplinary measures being taken by USD 259.

Employee Benefits & Insurance Management

If you have any questions pertaining to Employee Benefits and Insurance Management (EBIM), please contact the EBIM Department at employeebenefits@usd259.net or 316.973.4581.

Health Insurance

Health Insurance benefits include Medical, Dental, Vision, Flexible Spending Accounts, and Life Insurance. Group health insurance coverage is available to benefit-eligible employees (.75 FTE and above) and retirees. The District's contribution to employee medical insurance premiums is negotiated annually by the Board of Education. Detailed descriptions of insurance coverage including employee cost and eligibility requirements are provided online at www.usd259.bswift.com.

The health insurance (coverage) plan year is from January 1 through December 31. New employees must complete online enrollment within the first 31 days of employment. Failure to enroll within this time frame will automatically enroll you in the base employee only plans. Current employees can elect changes in their insurance coverage only during the annual Open Enrollment period or within 31 days of a qualifying life event.

A change of election must be related to the reason for the change. The employee must request a change of election within 31 calendar days of the date of the qualifying event. Changes requested after this time frame will not be permitted until the next annual enrollment period. An approved change of election will be effective the first day of the month following the qualifying event date as long as all required documents are submitted within that timeframe.

Qualifying events include:

- Change in employee's legal marital status
- Change in the number of employee's dependents (birth, adoption, death)
- Change in employment status of employee, spouse, or dependent affecting eligibility
- Employee's dependent satisfies or ceases to satisfy eligibility Requirements
- Gain of other coverage under other employer's plan (e.g., open enrollment of spouse's employer)
- Loss of coverage
- COBRA qualifying events
- Judgment, decree, or order
- Medicare or Medicaid eligibility

Open Enrollment and Wellness Verification

Open Enrollment is your once-a-year opportunity to enroll in or change benefits coverage. Benefit elections are some of the most important decisions eligible employees will make all year. Please take the time to understand your benefit options by visiting the [Employee Benefits website](#).

Employees who do not enroll during the annual open enrollment period will be automatically enrolled in the employee-only base medical plan without the wellness discount and the employee-only base dental plan. This also applies to those who decline (or choose the "cash option") through the enrollment process without proper documentation of other coverage.

Employees and spouses have the opportunity to earn wellness points by completing specific preventative services. By completing a minimum of 100 points between September 1 through August 31 of the previous year, employees and spouses each earn a \$1,200 annual wellness discount toward their health plan premium for the following calendar year.

All 100 wellness points are subject to verification and approval before the premium discount is reflected on the enrollment screen. Proof of wellness points completed September 1 through August 31 will not be accepted or applied toward the premium discount after the close of benefits enrollment.

Click here for additional information regarding wellness verifications: <https://www.usd259.org/Page/14176>

Cash Option

Eligible employees who are covered under another medical insurance plan may elect the cash option benefit in lieu of the Board provided group medical plan. You will receive a \$1,200 annual cash benefit, prorated according to your pay schedule and paid out on each pay check.

Employees covered by another USD 259 employee are still required to complete the enrollment process, elect the cash option benefit and provide a copy of your current health insurance card. To receive the cash option payment, even if you are covered under another USD 259 employee, you must provide a copy of your current health insurance card each year.

Those who choose the cash option still have the opportunity to enroll in dental and vision coverage.

Continuation of Group Health Coverage

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) gives an employee or their qualified beneficiary the right to choose to continue group health benefits for limited periods of time. Qualifying circumstances include:

- Loss of health coverage due to voluntary or involuntary job loss
- Reduction in the hours worked
- Transition between jobs
- Death
- Divorce
- Other life events

Qualified individuals are required to pay the entire premium for coverage up to 102% of the cost to the plan.

Maternity Leave

A benefitted employee (.50 FTE and above) requiring Maternity Leave is eligible for six (6) weeks of paid leave (eight (8) weeks if the delivery is a C-section). Maternity Leave begins on the date of delivery and continues for six or eight (if a C-section) calendar weeks. It is paid with personal illness until the employee has exhausted her personal illness. The remainder of the six (6) or eight (8) weeks is paid through Short-Term Disability at 70% of the employee's normal rate.

An employee is eligible for additional weeks of **unpaid** leave. An employee can take no more than 12 weeks leave in a 12 month period.

Non-benefitted employees (0.49 and below) requiring maternity leave may take up to 12 weeks of unpaid leave.

At the beginning of the third trimester, an employee anticipating missing work due to maternity leave should notify Employee Benefits. All documentation provided by Employee Benefits must be completed and returned by the deadlines given. Failure to complete documentation in the allotted time may result in delayed payment. Maternity Leave and FMLA, if eligible, will run concurrently and the absence will be counted as FMLA.

Any benefit-eligible employee who plans to add their child to their health insurance plan must do so within 31 days from the date of delivery. Changes requested after this time frame will not be permitted until the next annual enrollment period. Once approved, insurance coverage for the newborn would be effective as of the date of birth.

Break Time for Nursing Mothers

In accordance with the Fair Labor Standards Act (FLSA), USD 259 shall provide a supportive environment to enable employees to breastfeed/express their milk during work hours when requested. Employees who wish to breastfeed/express milk during the work period shall make a request to Employee Health and their supervisor. Employees are allowed to breastfeed/express milk during work hours, using their normal breaks and meal times. For time that may be needed beyond the usual break times, eligible employees may use personal leave or may make up the time as negotiated with supervisors. A private room (not a restroom) that is shielded from view, free from intrusion from co-workers and the public, and with a door equipped with a functional lock, shall be available for employees to breastfeed/express milk. If employees prefer, they may also breastfeed/express milk in their own private office. The room will have a sign advising that the room or location is in use and not accessible to other employees or the public. Breastfeeding/milk expressing employees and the employer are responsible for keeping the milk expression areas clean. No employee shall be discriminated against for breastfeeding or expressing milk.

See the building administrator for inquiries regarding designated room locations.

FMLA

Family Medical Leave may be taken for an employee's own serious medical condition, to care for a qualifying family member, paternity leave, adoption or a foster child placements, or other qualifying reasons. FMLA may be taken on an intermittent or continual basis.

To have absences protected by FMLA, an employee must apply and be approved. The application process can be initiated by contacting Employee Benefits. All documentation provided by Employee Benefits must be completed and returned by the specified deadlines. Failure to complete documentation in the allotted time may result in the denial of a request.

An employee protected by FMLA must use available leave hours until his/her applicable leave has been exhausted. Once leave is exhausted, FMLA will protect the employee's job. However, FMLA does **not** provide payment and the remainder of the leave will be unpaid.

Short-Term Disability

Short-Term Disability is a benefit provided by the District to benefitted employees with an FTE of .5 and above. An employee may be eligible for short-term disability for their own serious medical condition. An employee on Short-Term Disability is certifying that s/he is totally disabled from non-occupational illness or injury, and s/he is prohibited from engaging in any other work.

To be placed on Short-Term Disability, an employee must contact Employee Benefits. All documentation, provided by Employee Benefits, must be completed and returned by the deadlines given. Failure to complete documentation in the allotted time frame may result in the denial of your request. Approval of requests is based on common practice and the recommendations of the employee's doctor. Employee Benefits reserves to require the medical recommendation of the appropriate specialists or require a Fit-for-Duty examination.

Short-Term Disability is paid as follows:

- An employee must exhaust her/his personal illness days before s/he will be paid through Short-term disability
- After personal illness is exhausted, leave is paid at 70% of the employee's normal rate of pay, subject to all applicable deductions
- Following the exhaustion of temporary leave, there is a five (5) day waiting period before short term disability benefits begin. The five (5) day waiting period will be waived for absences greater than thirty (30) calendar days and short term disability payments paid retroactively.

If the employee is eligible for Family and Medical Leave (FMLA), short term disability and FMLA will run concurrently and the absence will be counted as FMLA.

- Short-Term Disability may last for 180 days, though the length of absence that is approved varies based on the medical condition.
- Following the end of the 180 days, an employee may be eligible for long-term disability through KPERS or may be granted an unpaid medical leave of absence.

Long-Term Disability (LTD)

Long-Term Disability (LTD) is covered under Kansas Public Employment Retirement System (KPERS) and administered by a third party. KPERS members (benefitted employees with a .41 FTE or above) may be eligible for a disability benefit beginning the 181st day of total and continuous disability. Employee Benefits will guide employees through this process as their 180th day of absence approaches.

ADA Accommodations

The Americans with Disability Act-Amendments Act (ADAAA) prohibits discrimination on the basis of disability and enables an employee with a permanent disability to request a work related accommodation so they can perform the essential duties of their job. A request for accommodation should be made to the Director of Employee Relations and Title IX. Human Resources will review the request and shall provide accommodations for disabled employees in the workplace, upon request and if eligible. The building based 504 team is not to be utilized to request an accommodation for a disabled employee. For questions or to make a request for accommodation, please contact the Employee Relations/ Title IX Office at (316) 973-4420.

Employee Assistance Program (EAP)

Wichita Public Schools contracts with an external agency to provide an Employee Assistance Program (EAP) for employees of the school District and family members of that employee's immediate household. The District will provide up to six (6) free sessions per need and per family member of the immediate household. Voluntary

participation may be initiated by an employee. However, mandatory referrals may be made by the employer for certain areas of concern.

Catastrophic Pool

The Board provides a Catastrophic Emergency Benefit Plan to be used by employees who have suffered a catastrophic family or personal illness event which has caused exhaustion of temporary leave. The Plan is administered by Employee Benefits and Insurance Management. The President of the SEIU (Service Employee International Union), the President of the UTW (United Teachers of Wichita), and the Chief Human Resources Officer and/or designee shall resolve any disputes.

The plan shall be open to all benefitted employees who have contributed a day to the pool. The pool shall be established by allowing each benefitted employee to contribute one (1) day of temporary leave into the pool. Employees who contributed one (1) day of temporary leave to the pool may continue as a participant during the term of the contract without contributing another day unless the pool falls below 300 days in which case employees may be required to donate an additional day.

Any employee new to the District during the term of the contract must contribute one (1) day of temporary leave in order to be a participant in the plan but will not be able to do so until after his/her new hire probation has concluded. Only those employees who have contributed to the plan shall be eligible to draw from it.

If the pool falls below 300 days, it shall be replenished by a new enrollment during which time employees may contribute an additional day or may become new members of the pool by contributing one day. Employees who meet the criteria above shall be eligible to draw on the pool up to 20 days per contract year. The employee must exhaust all accumulated temporary leave to be eligible to draw on the pool and must be in deduct status on PeopleSoft and related to an FMLA qualifying medical reason before hours can be reviewed for potential payment. Hours already paid through Short-Term Disability or Worker's Compensation are not eligible.

Damage to Personal Property

Employees are reimbursed for damages caused by students in two limited circumstances:

- If the employee's clothing or personal effects worn by the employee are damaged or destroyed as a result of a physical attack or willful malice; or
- If the employee's personal property, brought to the classroom as a teaching aid for the curriculum being taught, is destroyed by willful malice.

These circumstances are dictated by the current UTW Agreement, Article VII, Section H, Paragraphs 1-2.

Workers' Compensation

Workers' Compensation is a form of insurance that is provided to all District employees that are injured or suffer an illness arising out of and in the course of one's employment. Benefits include medical and disability payments when applicable. This benefit is defined by current state statute and is subject to legislative and judicial changes.

*It is the responsibility of the employee to report injuries to their supervisor and to the Employee Benefits and Insurance Management office immediately but no more than 24 hours after the occurrence. An Employee Report of Incident form must be completed by the employee, with the supervisor's report and with witness statements, if applicable. The Workman's Compensation office will coordinate any medical appointments with the employee. The injured employee will report to their supervisor and to the Employee Benefits and Insurance Management office after each appointment to advise of their current work status.

If an injured employee needs medical care, the supervisor, nurse, or employee must call the Worker's Compensation Office at 973-4579 to be referred for medical treatment and coordination of all appointments. In the event an incident occurs outside normal business hours, call BOE Security at 973-2100.

- Accidents that do not result in injury but do cause damage to facility or equipment must be reported immediately to their supervisor.

Life Insurance

Group Term Life Insurance:

The Board provides group term life insurance coverage free of charge for all employees who are employed in a 0.44 FTE to 1.0 FTE permanent position. This coverage will not be effective until the employee reports for work.

The face value of your Board provided term life policy is based upon your position.

- Certified employees – \$30,000
- Classified/Hourly employees – \$30,000
- Supervisory and technical employees – \$40,000
- Administrators – \$50,000

Voluntary Term Life Insurance:

At their own expense, employees who are employed in a 0.44 FTE to 1.0 FTE permanent position may enroll in supplemental term life insurance for themselves, spouse and children when enrolling in benefits upon hire and annually during benefits open enrollment. Premiums are paid by payroll deduction. This benefit would be in addition to the district provided life insurance benefit.

Retirement

Retirement benefits are extended to personnel as outlined by the Kansas Public Employees Retirement System (KPERs), Voluntary Retirement Plans, the Voluntary Early Retirement Program (if applicable), and by the Social Security Act.

Employees who belong to KPERS, a 403(b) plan, or a 457 plan, and terminate employment before retirement may, within the provisions of the plans, withdraw the funds credited to their savings record.

Retirement Planning:

Employees planning to retire from USD 259 must contact the Retirement Office at least six months in advance to complete paperwork and ensure all steps for a successful retirement have been taken.

Employees can obtain retirement planning assistance through the district's Retirement Office by contacting the district's KPERS designated agent in the retirement office at 973-4590. Including retirement estimates, information regarding KPERS retirement options or information about the WPS Early Retirement program (the "Bridge").

Kansas Public Employees Retirement System (KPERS):

Kansas Public Employees Retirement System (KPERS) is a defined benefit plan– not a defined contribution plan like a 403b, 401k or 457. All employees working in a position that requires 630 hours or more (or .41 FTE) are required by law to participate in KPERS, beginning with the employee's first day of employment.

This is a mandatory program for all eligible state employees. The contribution rate is set by state law and cannot be increased or decreased by the employee. Refer to KPERS website www.kpers.org for current contribution and retirement requirements.

Basic Life Insurance:

KPERS eligible employees receive Basic Group Life Insurance equal to 150% of your annual salary at no cost. The effective date of coverage is your date of hire. New employees and employees who become KPERS benefit eligible must complete the KPERS designation of beneficiaries form. This coverage ends when you leave the district or move to a position not covered by KPERS. You can do have the option to continue your coverage on your own if done within 60 days. Please contact the Retirement Specialist for more information.

Disability:

Eligible employees (those employed in a .50 to 1.0 FTE position) receive disability benefits at no cost. KPERS long term disability income benefits provide a monthly benefit based on 60 percent of your annual base salary. To qualify you must be disabled for 180 days, apply for Social Security benefits, and no longer receive employer compensation.

Retiree Death Benefit:

When an employee passes away, KPERS pays a \$4,000 lump-sum death benefit to the designated beneficiary. You can name a person, estate, trust or a funeral establishment to receive your benefit. KPERS does not pay the death benefit automatically. Your beneficiary should contact KPERS to receive an application when the time comes.

Vesting:

Employees must be a member of KPERS for five (5) years before becoming vested. If you leave covered employment before completing five (5) years of service you may apply for a refund of your contributions plus interest. If you are vested with five or more years of service you are guaranteed a monthly retirement benefit even if you leave covered employment as long as you keep your contributions in your account.

Working After Retirement (KPERs):

If you're planning to work during retirement, there are a few things you need to know if you plan to work for a KPERs employer. When you retire, you'll have a waiting period before you can go back to work for a KPERs employer. KPERs members and employers are not allowed to arrange a return to work, either before retirement or during the waiting period after retirement.

The length of your waiting period depends on your age. Count the day after your retirement date as the first date of your waiting period.

- Before age 62: 180 days
- Age 62 & older: 60 days

Social Security:

All employees are required by law to participate in Social Security. Visit www.ssa.gov for instructions on how to apply online for retirement benefits, calculators to determine your benefit and other information about the government retirement system.

Voluntary Early Retirement Program ("the Bridge"):

Employees who are eligible for the Voluntary Early Retirement Program ("the Bridge") include those employees with an effective hire date prior to July 1, 1996, and have worked continuously in any position which was permanent and at least half-time (20 hours per week). These employees must meet with the Retirement Specialist to sign paperwork at least 6 months prior to their first bridge payment.

A departing employee can lock in the Bridge any time after the age of fifty (50) with at least 15 years of service. However, Bridge payments will not be paid out until the employee is at least sixty (60) years of age.

[Reference Board Policy P3714 Voluntary Early Retirement Program](#)

Working After Retirement (Bridge Eligible Retirees):

Effective September 1, 2019: District retirees who are receiving bridge payments (60-65) are not eligible for employment by USD 259. A bridge eligible retiree is permitted to substitute for the district until age 60 when their bridge begins, while still following KPERs waiting period guidelines. They may also substitute at age 65 after their bridge ends.

Voluntary Retirement Plans:

Permanent, benefitted employees have the opportunity to set up contributions to their personal investment programs through payroll deductions. There are two options available: the USD 259 endorsed 457 Deferred Compensation program with Massachusetts Mutual, and 403(b) tax-sheltered annuity plans. Employees interested in setting up personal accounts must work with an investment counselor to determine an investment program and begin a payroll deduction. Any tax questions should be discussed with your own tax advisor.

457 (b) Deferred Compensation program:

457(b) Deferred Compensation Plans are employer-sponsored retirement savings plans, offered by municipalities and governmental entities, which allow employees to defer a portion of their current compensation through payroll deduction on a tax-advantaged basis for retirement. Employees may choose between a traditional pre-tax contribution and a Roth contribution. Both pre-tax contributions and their respective earnings grow tax-deferred until withdrawn.

The district's 457 plan is managed by Mass Mutual Retirement Services. Mass Mutual works with a local financial advisor who assists district employees with enrollment and other transactions related to the 457 plan. For more information, contact USD 259's designated 457(b) Retirement Plan Advisor.

Employees shall select plan investments from qualifying companies and operate within rules and procedures established in Internal Revenue Code Section 403(b) and [BOE Policy 3515](#) regarding selection and deselection of funding vehicles/vendors from the 403(b) retirement plan.

Employees wanting to set up a payroll deduction will work with an investment advisor from one of our approved participating service providers. The Omni Group is our 403(b) plan administrator and processes all plan transactions, including enrollment, contribution changes, loans, and hardship withdrawals.

The Omni Group can be reached at 1-877-544-6664. A list of approved providers can be found on the Omni website www.omni403b.com.

Unused Leave Benefit:

Employees will be paid out any remaining vacation upon retirement. The first 160 hours (20 days) will be paid out at the employee's normal base rate of pay. If employee has more than 160 hours, the remaining will be paid at the bank rate (\$3.75/hr).

Employees who have been with the district for at least 5 years will be paid out their temporary leave balance upon retirement at the following rates.

- Certified: \$30/day
- Administrators: \$3.75/hr

Retiree Health Plan Eligibility:

- You have worked for USD 259 in a benefitted position for 10 years or more
- You are under age 65 and are currently enrolled in the district's health plan
- You are considered a retiree from the district and have not just separated employment
- You must be currently enrolled in the plan in order to cover your dependents which includes your spouse who is under age 65 and any eligible dependent children
- If your spouse is enrolled in the plan, they can remain a covered member until they turn age 65 as long as you are under 65 and are currently enrolled.
- If you and your dependents are currently enrolled in the plan and you turn age 65, coverage will be terminated for everyone enrolled at the end of the month prior to your 65th birthday. At that time your dependents would be eligible for COBRA continuation for up to 36 months.

Retiree Health Plan Enrollment:

Eligible retirees who choose to enroll in the Retiree Health Plan must enroll prior to your active coverage ending. Additional premiums may apply for working spouse, retiree/retiree spouse tobacco, and the wellness premium. Retiree must re-enroll each year during the annual open enrollment period. Failure to re-enroll will result in coverage ending 12/31 of the current year

If retiree or a covered dependent becomes eligible for Medicare due to disability, signing up for Medicare Part A and B is required in order to continue coverage under the plan. Failure to enroll in Medicare Part A & B will result in termination from the health plan. Medicare would be the primary coverage and the Retiree Health Plan would be your secondary coverage. If you are covered under the Retiree Health Plan, you cannot also enroll in a separate Medicare Part D plan since our plan includes prescription drug coverage.

If you have any questions regarding payroll, please contact the Payroll Department at payrolldept@usd259.net or 316-973-4574.

Differences in Pay Groups

Administrators:

An administrative employee is defined as any person employed by the Board on the Administrators Salary Schedule.

Administrative employees are paid on the last day of the month, unless this day falls on a holiday or weekend. In such cases, certified employees will then be paid the most recent working weekday prior.

Certified:

Certified employees shall be defined as those contract employees of the Board of Education in positions which require a certificate/license issued by the state Board of Education or employed in a professional, educational or instructional capacity by the Board of Education, including nurses, social workers and High School Junior Reserve Officer Training Corps (JROTC) instructors, but shall not mean any such person who is an administrative employee or administrative intern.

Certified employees are paid on the twentieth (20th) of each month, unless the 20th falls on a holiday or weekend. In such cases, certified employees will then be paid the most recent working weekday prior.

Classified:

Classified employees shall be defined as any employee who doesn't fit into the administrator or certified category. Classified employees usually are paid an hourly rate, and their job duties are routine, following a specific set of standards and rules.

In addition, Wichita Public Schools divides classified staff into three separate salary schedules: A-Jc, Security, and K-Z (see “Salary Schedules” section of this handbook).

Classified employees are paid bi-weekly, on Friday, unless the Friday falls on a holiday. In such cases, classified employees will then be paid the most recent working weekday prior.

Pay Periods for All Employees

Certified personnel shall be paid 1/12 of contract pay on the 20th of each month.

Administrative personnel shall be paid 1/12 of contract pay on the last business day of each month. Classified personnel shall be paid biweekly on alternating Fridays.

In the event the scheduled payday is not a business day or is a bank holiday, payments will be made on the last business day prior to payday.

In accordance with K.S.A 74-4940, when requested, a contracted certificated employee who has completed the contractual commitment by June 30 may receive contractual compensation for the three summer months in a lump sum payment on or before June 30.

Online authorization must be made by the employee by April 1.

Authorization for lump sum payment will remain in effect until revoked in writing by the employee.

So long as the authorization for lump sum payment remains in effect, the balance of the employee's contractual compensation shall be paid by June 30 of each year.

Pay Group Calendars

Wichita Public Schools has several different working calendars, depending on an individual's job type. The different working calendars include:

- [196 Day Work Schedule - Food Production Center - benefited](#)
- [191-196 Day NS Work Schedule - School-Based Nutrition Services \(benefited\)](#)

Temporary Leave and Vacation – What's the difference?

Most eligible employees receive temporary leave time and some eligible employees receive temporary leave and vacation days. Below is an explanation of the two types of leave.

Temporary Leave:

Employees are eligible to accrue temporary leave days if they are working at least half time (0.5 FTE or greater) in a permanent position. Temporary leave hours are awarded in a lump sum at the beginning of each school year. There are different absence reasons available for temporary leave, and you may click on these links for more information for [Certified employees](#) or [Classified employees](#). Unused temporary leave hours at the end of the year will accumulate without limit. Upon separation of employment, if an employee has been employed for five consecutive years or is at least fifty-five years of age, all unused temporary leave will be compensated to the employee at a rate of \$30 per day.

Vacation:

Classified and administrative employees in the 220, 225, 230, and 260 day calendars are eligible to accrue vacation days. Vacation hours are awarded on the first of each month, and employees may accumulate up to 320 hours each year. After July 1 each year, any vacation hours over 320 will be moved to the employee's vacation bank and can no longer be used. Upon separation of employment, vacation hours up to 160 are paid out at the employee's regular rate of pay. Any hours over 160 and all hours in the vacation bank will be paid out at \$30 per day.

Leave and vacation time can be viewed in Peoplesoft under My Time. Please feel free to contact the Payroll Department at payrolldept@usd259.net or 973-4574 with any specific questions regarding your temporary leave or vacation benefits.

Conference Release Time:

In an effort to recognize the importance of parent-teacher conferences in District or out of District, employees are to be released from work generally for up to two hours without loss of pay or leave to attend regularly scheduled building-wide parent-teacher conferences or I.E.P conferences pertaining to employees' children. This does not include field trips, visitations, and other parental obligations.

- No paperwork is required for this release time and nothing is to be reported for payroll purposes. Substitutes are not to be requested.
- Please notify your principal/supervisor when you are leaving so your duties can be covered.

Submitting Vacation/Temp Leave Request

There are two platforms for submitted vacation/temp leave. All requests for vacation/temp leave must be submitted through one of these platforms: Aesop or PeopleSoft, depending on your position and work location. Please note: proper advance notice should be given to your immediate supervisor, when possible.

Aesop users:

To submit a vacation/temp leave request using Aesop, please see the “AESOP” section of this handbook, under “Absence Management.”

PeopleSoft users:

To submit a vacation/temp leave request using PeopleSoft, log into PeopleSoft/Self-Service with your District username and password.

- Click on “Leave Request,” under the “Manage Your Leave” box
- Type in the date
- Select the type of leave by selecting the drop down box
- Enter the amount of hours and minutes (minimum of 15 minute increments)
- Enter the reason for your absence
- Click Submit

If there are multiple requests for the same type of leave request, check mark the box next to the absence to be duplicated and click “Duplicate Request.” This will create a duplicate request for the following day.

To Delete Or Cancel a Request:

- Deleting a request can occur before the manager approves or denies the absence request. To delete, click “Delete.”
- Cancelling a request can occur after the manager approves or denies the absence request. To cancel, click Delete/Cancel.

After the request is submitted, deleted, or cancelled an email is sent to the person to whom the employee reports.

Direct Deposit vs. Commerce Pay Card

Employees sign up for direct deposit or are issued a pay card from Commerce Bank when employment begins. If Direct Deposit is elected, employees will first receive a live paycheck that will need to be cashed at their bank.

- Live paycheck will be sent to your base location, with the exception of Guest Staff. Guest Staff live paychecks will be mailed to their homes.

If an employee elects to receive a pay card, it will be mailed to their home address. The card will need to be activated before use.

Employees may change which payment option s/he receives at any time. Direct Deposit changes may be made in PeopleSoft, under “Pay.” Please call 316-973-4707 for questions pertaining to Direct Deposit or the Commerce Pay card.

Review Time and Missing Punch Requests

On Tuesday, classified employees receive a final email summarizing what they clocked the previous week in PeopleSoft and any absences that downloaded from Aesop. If the employee has more than one position, the email will list all positions.

Employees have until the end of day **TUESDAY** to make changes. Changes made after this time will be added to your next check.

For Time Clock Users, click on the link in your email to be directed to PeopleSoft and log in. As a reminder, PeopleSoft can only be accessed from a District computer. The **Timesheet** view reflects actual punch time and should not be used to identify the hours scheduled to be paid.

The **Timesheet** view is useful for leaving comments and identifying missing punches. To add a comment, click on the bubble located to the left of the ‘Day.’ Corrections CANNOT be made in the comments section. It is ONLY to be used if you'd like to leave a note. Once a comment is made, it cannot be deleted or modified.

- Click “Add Comment” and type in the box the comment you'd like to leave
- Then click 'Apply' to save and click 'OK' to exit the screen and return to your Timesheet

Common Reasons *why* a punch would be denied:

- Duplicate request
- Punch already exists
- Military time is used
- Incorrect AM or PM
- Letter ‘O’ is used instead of the number ZERO

All voluntary payroll deductions must begin and end with the authorization of the employee.

Employee Cellular Telephone Allowances

The Board of Education provides cellular telephone allowances for certain employees (if approved by the CFO and CHRO) to properly conduct business in accordance with the three following categories:

Tier 1 – Limited Usage:

Employees in this tier are considered to have limited need of a cellular telephone, in that, the cellular phone is used primarily to contact the employee when out of the office, in an on-call situation, in an emergency, or attending to District business at locations other than their primary place of work.

Tier 2 – Medium Usage:

Employees in this tier regularly work out of the office and in the “field”, and do not have easy access to a telephone in order to remain in contact with those with whom communication is necessary to the performance of their job duties. Employees in this tier may also be required to be available beyond their regularly scheduled workday.

Tier 3 – Extensive Usage:

Employees in this tier, by the nature of their position, are required to extensively use cellular communications in the course of their duties because they do not have ready access to a telephone to remain in contact with those with whom communication is necessary to the performance of their job duties. Employees in this tier require workspace mobility and frequently need to be reached outside their regularly scheduled workday.

They are available to help with all material and service needs, as well as ensure that all Federal Guidelines, State Statutes, and Board Policies are adhered to. Specifically, Purchasing can help with sourcing and competitive pricing, allowing the District to save time and spend budgeted dollars more effectively. Purchasing can also serve as a mediator between the District and vendors to ensure fair and effective exchange. Purchasing can be reached at (316) 973-4540.

Best Practices

- State Funds - Never spend over \$19,999, whether it is for one item or multiple, without contacting Purchasing
- Federal Funds – Never spend over \$3,499 without contacting Purchasing
- Material/ Service Contracts – Always get Purchasing involved when entering into any contract with a vendor for materials or services

[Reference Policy 3304](#)

Visa Procurement Card (P-Card)

All Visa matters are handled through Purchasing by the Procurement Card Technician, who can be reached at (316) 973-4588.

Authorization to carry a P-Card is requested through your Principal or Supervisor. Once authorization is received, P-Card training and the P-Card User Agreement form must be completed prior to obtaining the card.

All P-Card users are required to reconcile statements for all purchases by the 15th of each month. Receipts and explanations must accompany the reconciliations.

Include an explanation for any purchase that either isn't clearly described on the receipt or if it looks like an item that could be for personal use (e.g.: bathroom caddy). The more information the better.

Always use the sales tax exemption number. If a vendor does not grant tax exemption, please contact Purchasing to help resolve the situation.

Threats of Violence

A threat is a concerning communication or behavior that may intend to harm. It requires no witness, the target need not be aware of the threat, and the threat may come in any form. All threats must be taken seriously until they can be assessed.

If a threat is made by a non-student:

- Notify administrator or designee
- Call 911 and be prepared to provide:
 - Your name and work location
 - Description of situation and reason for concern
 - If the person making the threat is in the building, provide his/her exact location
 - Call back if anything changes

- Call Security Communications (973-2100) to notify them of the need for assistance. Security Communications will notify:
 - Designated District personnel and public safety agencies, as needed
 - Safety Services Department
- Safety Services Department personnel will respond appropriately
- If the person is in the building, ask him/her to leave
 - We aware of his/her actions at this time (where he/she is located, whether he/she is carrying a weapon or package, etc.)
 - If possible, maintain visual contact with the intruder from a safe distance
 - Consider initiating lockdown procedures
- Once the person leaves or is removed from the property, follow District ban procedures
- Administrator or designee coordinates with Strategic Communications regarding communication to media, social media, the website and front office staff, as needed

Violent Intruder

A violent intruder is someone armed and engaged or attempting to engage in harming students and staff. At the first sign that there is an armed intruder in your building, your initial response should be to get to a safe place. Secondly, you should alert others and call 911. Your first priority is to get out of harm's way.

Violent Intruder Response Procedures:

Each situation will be different; assess the situation and take necessary action. Please note these steps may be occurring concurrently.

When possible, call 911, be prepared to provide:

- Your name and school
- Detailed information about the nature of the situation
- Advise of imminent risk of danger
- Provide exact location inside or outside the school
- If inside the school, provide the door number and location of the door for best entry point
- Call back if anything changes
- When possible, call Security Communications (973-2100) to notify them of the situation and of need for assistance

Security Communications will notify:

- Strategic Communications
- Designated District personnel and public safety agencies
- Safety Services Department

Communicate the presence of a violent intruder in the building via the public address system using plain language: "There is an armed intruder in the building; take necessary action. This is not a drill."

Run, Hide, Fight is an intruder response plan where staff and students assess the situation and respond on which option is best. As the name implies, if a violent intruder comes into a school, the response could be to run to a safe place, or hide in a locked area, or attempt to stop the intruder as a last resort with items found in the school.

RUN (Get Out or Evacuate):

- If staff is present, students should follow their instructions
- Escape by exits or windows
- Leave your belongings behind
- Help others escape
- Prevent and warn others along the way about the danger
- If it is safe to do so, go to the evacuation site
- Once at the evacuation site:
 - Account for all students and staff
 - Check for any injuries
 - Staff should continue to monitor students
 - Wait for further instructions

HIDE (Lock Out or Barricade):

If evacuation is not possible, students and staff should find a place to hide in an area that can be secured.

- Hide until help arrives
- Silence all electronic devices
- Remain calm—it can have a contagious effect on others
- Lock and/or barricade the door
- Jam door handles—including doors that open into the hallway or handicap accessible handles to prevent the handle from unlatching the door
- Tie off doors to limit the intruder’s ability to open doors
- Remain in place until law enforcement or the incident commander gives the all clear

FIGHT (Resist or Neutralize):

When RUN or HIDE fail or are not possible FIGHT as a LAST RESORT.

- Fight as a last resort
- Attempt to incapacitate the attacker
- Improvise weapons; use any means
- Commit to your actions

When Law Enforcement and Public Safety Personnel Arrive:

- Remain calm
- Keep your hands visible
- Avoid pointing or yelling
- Know that help for the injured is on the way
- Staff and students should go to evacuation site
- Once at evacuation site, staff should:
 - Account for students
 - Check for injuries
 - Immediately report any missing, extra or injured students
 - Continue to monitor students
- Have a staff member meet emergency personnel to:
 - Advise location of injured persons
 - Advise of any missing persons
 - Refer to Reunification Plan, Communication Plan, and Recovery Plan

Suicide Intervention

All threats of suicide should be taken seriously.

- Stay with the person
- Listen
- Get or call for help immediately

If an employee expresses suicidal thoughts, immediately contact a building administrator or support staff member (social worker, psychologist, counselor or nurse) to discuss these concerns.

- Determine the risk - if there is likelihood of immediate harm (an active safety issue)
- Notify 911 and/or security, as needed, if there is a likelihood of immediate harm (an active safety issue)
- Provide employee with information on the Employee Assistance Program and assists in the referral process if requested

The resources for staff on suicide awareness and prevention and other informational documents are available on the District's website under [Safety Support Suicide Awareness and Prevention](#).

Reporting Abuse

All school employees will take appropriate action in reporting suspected abuse (physical and/or emotional) and/or neglect cases to the proper authorities in accordance with State statutes.

- All District employees are mandated reporters; those who suspect abuse and/or neglect have the legal responsibility to report the suspicion
- The employee shall report the matter on the same day the suspicion arises to the Department for Children and Families online or by telephone. If the employee does not report the matter on the same day and abuse and/or neglect takes place, the employee may be held personally liable, both legally and professionally
- The employee shall also notify the building principal or designee promptly of his/her suspicion
- Notification of the building principal or designee does not relieve the employee of the obligation to make reports
- All reports are construed to be confidential. Please do not notify the parent and/or guardian of the suspicion (as they could be the abuser)

TO REPORT ABUSE AND/OR NEGLECT, CALL 1-800-922-5330 OR GO TO <http://www.dcf.ks.gov/services/PPS/Pages/KIPS/KIPSWebIntake.aspx>

Criminal Convictions

Any employee who falls under the below circumstance(s) must notify the Superintendent or designee and his or her immediate supervisor of the arrest or conviction within five (5) days. The Board will take appropriate action within 30 days after the notice of conviction, if the employee:

- Is convicted of a felony

- Is driving under the influence
- Enters a plea of guilty or diversion agreement
- Is arrested and/or convicted of violating local, state, federal criminal statute or a criminal violation

Searches of Pupils and Property

If there is a belief that a search of a pupil's property is necessary, the principal should be contacted with the request. Searches of pupil's or property shall be conducted in accordance with [Policy 1470](#).

Health and Environment

For questions relating to the health and environment of the District, please contact the Environmental Services office at (316) 973-2006.

Bloodborne Pathogens

All employees should be trained annually on the Exposure Control Plan (ECP), provided by Environmental Services to eliminate or minimize occupational exposure to bloodborne pathogens. The complete Exposure Control Plan can be found at this link: <https://www.usd259.org/page/7767>

Hazardous Waste

Hazardous waste shall be identified, collected, labeled, stored, treated and disposed of in a manner complying with Federal, State, and Local rules and regulations. Hazardous wastes include, but are not limited to, the following items:

- Flammable
- Corrosive
- Infectious
- Highly reactive
- Toxic

[Reference Policy 7020](#)

Asbestos

Wichita Public Schools has completed a survey, as required by law, to identify the location and condition of all asbestos containing materials within the District's buildings. In response to our findings, Asbestos Management Plans have been developed to minimize the hazard of airborne asbestos fibers to building occupants. This plan is available for viewing in all school offices, upon request. A copy of the plan may be obtained from Environmental Services, for a fee.

[Annual Asbestos Notification Letter](#)

Communicable Diseases

An employee afflicted with a communicable disease dangerous to public health may be required to withdraw from active employment for the duration of the illness in order to give maximum health protection to other District employees and students. The employee may return to duty upon termination of the illness, when authorized in writing by a physician. <https://www.usd259.org/Page/1982>

Inclement Weather/Tornado Drills

Wichita Public Schools will provide safety to building occupants by “Being Prepared, Having a Plan, and Practicing Regularly.”

- Safe Room Storm Shelter in every school
- Three tornado drills each school year
- First drill early in the school year
- Two more drills prior to tornado season

Designated District employees will monitor the weather, but staff at each school should monitor weather in the area by checking the weather radio, keeping eye on local radar, and staying in contact with the District. The school will be notified immediately and principal or designee will make announcement to go to the safe room. Students and staff will quickly move to safe room in an organized manner.

School personnel will:

- Make sure the emergency bus doors are unlocked (marked with green bus sign)
- Unlock doors to the secondary shelter
- Check restrooms and other areas for students
- Nurse or designee will grab first aid kit and student medications to take to safe room (this should be the ONLY job this person performs)

Students and staff should enter the safe room and proceed to predetermined locations within the shelter. Each safe room has a special phone line to contact District officials in such emergencies. A designated staff member will retrieve the phone and plug it into the phone jack marked FEMA.

Magnetic signs should be placed on the outside of the shelter so latecomers will know the shelter is locked and to proceed to secondary shelter. Shelter coordinator should do a quick check before locking the safe room doors. School board policy states that once the doors are locked, the shelter doors WILL NOT be unlocked until the all clear is given. This includes when storms happen at the end of the day, when students will ordinarily be heading home. Once the doors have been locked, an administrator or designee should stay by the doors to ensure no one tries to get in or out.

If inclement weather occurs while bus drivers are on the road, bus drivers will head to the closest school and find the green bus door. After verifying that the green bus door is unlocked, the bus driver and students should go inside quickly. Students in secondary shelter will sit against a wall, duck down, and cover their heads with their hands. Once the all clear has been given by District officials, staff should check for damage before releasing students from the safe room. It is vital that ALL school personnel are trained on emergency weather procedures as inclement weather can strike at any time.

Fire Drills

Fire drills are held monthly. Teachers will inform students of proper exits and procedures. These exits are also posted in each room.

Earthquake Drills

Just as schools practice fire and tornado drills during the school year, Wichita Public Schools students and staff learn how to protect themselves in case of a major earthquake. The Drop, Cover, and Hold Earthquake Response Plan, supported by Federal Emergency Management Agency (FEMA) guidelines, is a simple reminder of how to take cover in case a powerful earthquake occurs.

At the first indications of an earthquake, initiate Drop, Cover, and Hold:

- Drop to the ground
- Take cover under a desk or table, protecting your head with one arm and using the other arm to hold on to a table or desk
- Designated staff member should assist those in a wheelchair
- If no cover is available, crouch against an interior wall
 - Stay away from outside walls, windows, and potential falling objects
- If outside, move away from the building, gas and sewer lines, and electrical wires
 - Sit down and wait for the shocks to subside
 - Do not attempt to enter the building until authorized

Once the shaking stops:

- Account for all students
- Check for injuries
- Report any missing, extra, or injured students

In the event of a strong earthquake:

- Building crisis team activated
- Announcements made to staff, students, and visitors
- Evacuation may be necessary
 - If initiated, follow evacuation procedures
 - Do not use the elevator

In the event of aftershocks, remain calm and stay sitting close to the ground. Do not re-enter the building until the all clear is given.

In the event an earthquake causes an emergency situation:

- Call 911 or Security Communications
 - Provide name of school
 - Provide detailed information

Snow Days/Emergency Closures

It shall be the responsibility of the District Crisis Team to determine when extreme weather conditions or some other emergency warrant all or selected buildings throughout the District not to be convened or to be dismissed during a school day scheduled on the official annual calendar.

Any cancellations will be communicated by Strategic Communications, including what positions should still be expected to report to work.

Care and Use of Facilities/Rentals

The primary purpose of school facilities and grounds is to support the educational and extracurricular endeavors of all students. It is the intent of the Board of Education to maintain all facilities and grounds for this purpose and to give first priority to these endeavors. However, since all District properties belong to the general public, it is the Board's position that community groups and organizations should utilize the properties to the fullest extent possible. All arrangements with such groups shall be made through the Property Services office at least two weeks in advance of the use date.

Damage and/or accelerated wear and tear to school property due to abuse, neglect or other misuse may be cause for disciplinary action. When leaving a building for the night, all doors and windows should be closed and locked. All lights and other equipment should be turned off as appropriate.

Professional Dress

It is the intent of the Wichita Public Schools Professional Dress philosophies to ensure all personnel present themselves to our students, parents, and public in a manner which enhances their professional position and/or

job assignment. The secondary intent of this professional dress is to ensure all personnel model for students and staff the attire appropriate to success and provide a positive image for our educational community.

Any item of clothing, jewelry, or body adornment that in the opinion of the Superintendent or designee creates a disruption to the environment and/or well-being of students and staff may be excluded. Where questions arise concerning appropriateness of professional dress/attire, the building administration or supervisor will make the final determination.

By enacting this professional dress policy, the Wichita Public Schools recognizes that there are occasions when individuals may need to wear specific clothing due to medical reasons or as a part of a *bona fide* personal religious practice. When such is the case, the classified personnel should provide documentation to his or her supervisor of the medical necessity or his or her *bona fide* personal religious practice that gives rise to the need for deviation for this professional dress policy.

Political Campaign Guidelines

Wichita Public Schools ("WPS") buildings and property are a non-public forum which may be used only for purposes consistent with the educational mission of WPS. These guidelines permit limited access to and use of WPS property solely for the civic and educational purposes described herein. These guidelines must be applied impartially and without preference for candidate or party. WPS does not endorse the views of any candidate or office holder subject to these guidelines.

Classroom Guidelines

Can candidates or incumbents speak to classes?

Engaging students in the political process lays the foundation for a lifetime of active citizen and community involvement. Therefore, WPS welcomes elected officials and candidates for office who wish to visit schools for an educational purpose that is related to our curriculum and the State's civic engagement standards. It is

important to offer this opportunity on an equal basis to all in order to expose students to variety of political points of view, thoughts, and ideals.

Can staff and students wear political buttons?

Staff and students may wear political buttons that are not disruptive and do not interfere with the educational process.

Can teachers display campaign signs or posters in their classrooms?

Individual teachers may display campaign signs or posters in their classrooms for educational purposes. However, signs or posters must not to be used to encourage one political view over another.

Can students be involved in voter registration drives at school?

Yes. Students are very effective in encouraging their peers to register and to vote. Student-sponsored registration tables at school events are a great way to help parents, staff, and students register to vote. Voter registration information can be found at: <http://www.sedgwickcounty.org/elections/>

Employee Involvement Guidelines

Can WPS employees participate in political campaigns and political advocacy?

Yes. WPS employees are free to exercise rights and fulfill responsibilities as a citizen by participating in political activity, attending functions of political parties, belonging to the party of choice, seeking support in the community on political issues, becoming a candidate for public office and holding such office. However, it is important that employees remember that WPS cannot advocate for or against any political candidate. Therefore, political advocacy by employees must occur after work hours and using only personal equipment. Employees must not use WPS facilities or resources, including the inter-school mail, WPS e-mail, WPS mailing lists, or WPS-provided office supplies, computers, telephones, or fax machines for political purposes, including fundraising or soliciting voters. Employees who write opinion pieces, editorials, endorsement letters, or similar works should take care to ensure that their audience understands that the employee is speaking in their capacity as a private citizen, rather than an employee or representative of WPS. As an example, it is fine for an employee to sign a letter or editorial by identifying themselves as a “teacher,” “educator,” or similar title; however, employees should generally avoid specifics such as “4th Grade Teacher, Gardiner Elementary School, USD 259.” WPS employees must take care not to allow political activity to compromise their professional integrity, nor to pursue political activity under the guise of academic freedom. No WPS staff member may use their contact with students to influence an election for public office or a partisan political election.

Building Guidelines

What if a candidate calls asking for a tour of our building?

WPS encourages candidates and incumbents to visit our buildings and meet administrators and faculty. Please coordinate visits with the Director of Government Affairs.

Can schools promote voter registration?

Yes. Parent-teacher Conferences and open houses are opportunities to help our patrons and staff register to vote. Efforts to promote voter registration should be coordinated through Office of Public Affairs.

Can candidates attend PTA, PTO, Booster Club, and Site Council meetings?

School Site Councils are governed by [Board of Education Policy 2210](#). Elected officials and candidates who are already members of a School Site Council may continue to participate in School Site Council meetings during

their candidacy or term of office. Non-member elected officials and candidates may be invited to attend School Site Council meetings only to discuss education-related matters affecting WPS. PTO, PTA, and Booster Clubs are independent organizations that are not a part of WPS in the same way as a School Site Council and are not subject to the same limitations. PTO, PTA, and Booster Clubs may invite candidates or incumbents to attend meetings and participate in discussions at those meetings.

Can a WPS employee distribute campaign materials at the WPS school or facility where they work?

Campaign materials may be distributed to adult employees of WPS as provided in [Board Policy 2119](#). Any employee who wishes to distribute political materials to other WPS employees should begin by informing their building principal or administrator of the desire to do so, then proceed according to the principal's guidance. Note that political materials may be distributed only with principal or building administrator approval, and that approval will not be granted for the distribution of materials which, in WPS administration's discretion, are disruptive or subversive to the mission of WPS or the education environment. Political materials may not be distributed to students by staff nor posted in common areas, hallways, lounges, bathrooms, bulletin boards, or similar venues. All political materials must identify their source; the distribution of anonymous and un-attributed materials will not be authorized.

What should I do if yard signs are posted on the easement in front of the school?

Political signage placed on school property or on an easement in front of a school building or other WPS facility should be immediately removed. Store the signage safely and contact the Director of Government Affairs.

Can candidates have photographs or videos taken of themselves on school property?

In order to be fair to all candidates, candidates should not take photographs or videos of themselves on school property that they intend to use in their campaigns.

UTW members, as advocates for quality public schools, lobby the Kansas Legislature and the State Board of Education to ensure strong, pro-public education policies/laws are enacted. In order to keep the best educators, UTW leaders and members negotiate with the USD 259 Board of Education for competitive salaries,

benefits, and working conditions. Members of UTW have full access to the UTW website which provides instructional resources and links to our social media. Only UTW members receive a copy of the Teachers Employment Agreement (contract). Our national affiliates, AFT and NEA, also keep members informed on current trends in public education as well as challenges and successes of colleagues across the country through publications and expansive websites. 150 S.
